Registered Practical Nurse, Rehabilitation - 5 positions	Posting #: 56319
Rehabilitation	Posting Date: March 10, 2026
Parkwood Institute Main - London, ON	Submission Deadline: March 16, 2026
Part Time	Michelle Robertson, Human Resources
UNIFOR	Salary Range: $38.80 - $39.19 /hour

A challenging and exciting opportunity exists to work in a collaborative inter-professional environment delivering nursing care to rehabilitation patients in a specialized rehabilitation setting.

This is an ideal opportunity for an individual who wants to be on a team of rehabilitation practitioners who are considered leaders in the delivery of rehabilitation care and to actively participate in improving the outcomes of the patients we serve and to the health care system as a whole.

Using the principles of patient centered care and based upon the foundation of best practice, the successful applicant will be responsible for providing daily nursing care to the full scope of RPN accountability to stroke, spinal cord injury, acquired brain injury and behavioural rehabilitation patients. Working on the programs requires focusing on preventing complications of physical disability, restoring optimal function and assisting with the adaptation to an altered lifestyle. The RPN is adept at coordinating and collaborating with the interdisciplinary team toward the achievement of patient centered goals. Physical activities such as lifting, turning and transferring are required.

It is understood that the hours of work reflect the current scheduling arrangements and are subject to change as determined by the Employer.

Essential Qualifications

- Valid registration with the College of Nurses of Ontario
- Proficiency and experience in pharmacology and medication administration
- Valid CPR certificate
- Successful completion of a nursing competency test
- Knowledge of a Safety Culture in a Health Care Setting in compliance with the OHSA
- Must be capable of establishing positive interpersonal relationships and able to work as an effective team member
- Experience and knowledge of the nursing care needs of the rehabilitation patient
- Demonstrated ability to apply and document the nursing process
- Demonstrated knowledge of the principles of rehabilitation
- Demonstrated effective communication and interpersonal skills
- Demonstrated excellent organizational skills suitable for a fast-paced clinical environment
- Ability to apply effective body mechanics and meet the physical demands of the position

Preferred Qualifications

- Proficiency in French is considered an asset

Teaching and Research

- St. Joseph's Health Care London through its affiliation with Western University and Fanshawe College is a leading research and teaching hospital. As an employee of St. Joseph's, you will be expected to engage in role related teaching and

research activities in addition to any of your clinical duties
