*** REPOSTED ***

To maintain a premier eye care centre for Southwestern Ontario we need special team oriented individuals. We need people who are enthusiastic about growing and changing in order to help us provide exemplary community service and maintain our renowned academic and research program.

Essential Qualifications

- Current registration with the College of Nurses of Ontario
- Valid CPR certificate
- Knowledge of a Safety Culture in a Health Care Setting in compliance with the OHSA
- Demonstrated expertise in intravenous injections, insertions and infusions
- Varied and extensive knowledge base and experience in Ophthalmology
- Recent experience in an ambulatory care setting within the last 2 years
- Demonstrated clinic management skills including time management, organization, prioritizing, critical thinking, and problem solving
- Demonstrated ability to function productively in a fast paced environment with high volume clinics
- Excellent ophthalmic patient assessment, evaluation and intervention skills
- Demonstrated ability to work self directed and independently as a member of a multidisciplinary team
- Excellent communication and interpersonal skills including the ability to provide feedback in an open and constructive manner
- Demonstrated ability to work in a cooperative and facilitative manner
- Evidence of commitment to self directed learning

Preferred Qualifications

- Proficiency in French would be an asset
- Current ACLS
- Graduate of an Ophthalmic Assistant course

Teaching and Research

- St. Joseph's Health Care London through its affiliation with Western University and Fanshawe College is a leading research and teaching hospital. As an employee of St. Joseph's you will be expected to engage in role related teaching and research activities in addition to any of your clinical duties

Immunization Requirements

- Provide documentation you have received two doses of the Covid-19 vaccine or proof of one dose and a signed commitment to receive a second dose within a specified timeframe, and a written commitment to follow any future Public

Health recommendations and St. Joseph's Health Care London policies and processes related to Covid management in the workplace

- Provide vaccination records or proof of immunity against measles, mumps rubella and varicella (chicken pox)
- Provide documentation of the Tuberculosis skin testing

Your interest in this opportunity is appreciated. Only those under consideration will be contacted.
