

Registered Nurse, Post Surgical Care - 1 position	Posting #: 48012
Post Surgical Care	Posting Date: June 24, 2022
St. Joseph's Hospital - London, ON	Submission Deadline: June 30, 2022
Casual	Jennifer Pasichnyk, Human Resources
ONA	

\*\*\* REPOSTED \*\*\*

Post-Surgical Care at the St Joseph's Hospital site comprises a 16-bay Post Anesthetic Care unit providing recovery following surgery and a 21-bed short stay surgical unit providing services for ophthalmology, urology, upper limb orthopedics, plastics, otolaryngology and interventional radiology populations. We provide pre- and post-operative care, teaching, and discharge planning with a holistic approach to patients. In addition to providing post-surgery care, this role supports Step-Up capacity for inpatients requiring a higher level of care and the Post-Surgical Care nurses are members of the Medical Emergency Response Team for the facility. This unit creates an exciting opportunity for successful candidates to provide post-operative surgical care, and manage patients experiencing complex needs and outcomes

The successful candidate will be a Registered Nurse with adult critical care and inpatient surgical nursing experience. This may include emergency department, CCU/ CCU (cardiac care), direct PACU (recovery room) experience and inpatient surgical experience.

The successful candidate will have excellent critical thinking and problem-solving skills and thrive as a member of an interdisciplinary team.

Essential Qualifications

- Valid registration with the College of Nurses of Ontario
- Adult critical care experience (PACU, ICU, CCU or Emergency)
- Adult acute inpatient surgical nursing experience
- Valid A.C.L.S certification
- Experience with: E.C.G. interpretation, Venipuncture and IV starts, Arterial lines, Patient Controlled Analgesia pumps, regional blocks and epidural infusions
- Knowledge of a Safety Culture in a Health Care Setting in compliance with the OHSA
- Ability and commitment to act as a supervisor under OHSA

Preferred Qualifications

- Proficiency in French would be an asset
- B.Sc.N.
- Experience in the care of Urology, Gynecology, Ophthalmology, ENT, Plastic Surgery and Orthopedic patients
- Excellent decision-making, critical thinking and problem-solving skills
- Demonstrated effective collaborative, interpersonal and communication skills as part of an interdisciplinary team
- Self-directed individual with leadership abilities

Teaching and Research

- St. Joseph's Health Care London through its affiliation with Western University and Fanshawe College is a leading research and teaching hospital. As an employee of St. Joseph's you will be expected to engage in role related teaching and research activities in addition to any of your clinical duties

#### Immunization Requirements

- Provide documentation you have received two doses of the Covid-19 vaccine and a written commitment to follow any future Public Health recommendations and St. Joseph's Health Care London policies and processes related to Covid management in the workplace.
- Provide vaccination records or proof of immunity against measles, mumps, rubella and varicella (chicken pox)
- Provide documentation of the Tuberculosis skin testing

*Your interest in this opportunity is appreciated. Only those under consideration will be contacted.*
