

Registered Practical Nurse, Specialized Geriatric Services -
Inpatients - 2 positions

Posting #: 52969

Specialized Geriatric Services - Inpatients

Posting Date: April 22, 2024

Parkwood Institute Main - London, ON

Submission Deadline: April 28, 2024

Part Time

Bradley Dudley, Human Resources

UNIFOR

We require a skilled Registered Practical Nurse to provide patient centered care with a rehabilitation focus for a diverse population of clients including the frail elderly and patients of all ages with a musculoskeletal diagnosis. Specialized Geriatric Services includes the: Musculoskeletal Rehabilitation Unit, Geriatric Rehabilitation Unit, and Amputee Rehabilitation Unit.

The 30 bed Geriatric Rehabilitation Unit, 20 bed Musculoskeletal Unit, and 6 bed Amputee Unit are part of Specialized Geriatric Services. We provide comprehensive geriatric assessment and management as well as an intensive rehabilitation program. Our patients are typically admitted from acute care and participate in our program for approximately 10 days to 6 weeks. Upon discharge, our patients commonly return to independent living in the community. As an integral part of an expert health care team, this is an exciting opportunity for clinical learning and skill development.

The successful candidate may be required to work anywhere within the program and must be available for all shifts. It is understood that the hours of work reflect the current scheduling arrangements and are subject to change as determined by the Employer.

Essential Qualifications

- Current certificate of competence with the College of Nurses of Ontario
- Valid CPR certificate
- Proficiency and experience in pharmacology and medication administration
- Experience and knowledge of the care of patients requiring musculoskeletal rehabilitation and geriatric rehabilitation
- Ability to establish positive relationships with customers and to work as an effective team member
- Demonstrated ability to apply and document the nursing process
- Excellent organizational skills and problem solving skills
- Superior communication skills both written and verbal
- Ability to apply effective body mechanics and meet the physical demands of the position
- Knowledge of a Safety Culture in a Health Care Setting in compliance with the OHSA

Preferred Qualifications

- Proficiency in French would be an asset
- Certification for phlebotomy and IV starts

Teaching and Research

- St. Joseph's Health Care London through its affiliation with Western University and Fanshawe College is a leading research and teaching hospital. As an employee of St. Joseph's, you will be expected to engage in role related teaching and research activities in addition to any of your clinical duties

Immunization Requirements

- Provide documentation you have received two doses of the Covid-19 vaccine (primary series, boosters and/or XBB) OR one dose of XBB vaccine at least 14 days prior to the start date
- Provide vaccination records or proof of immunity against measles, mumps, rubella and varicella (chicken pox)
- Provide documentation of the Tuberculosis skin testing

Your interest in this opportunity is appreciated. Only those under consideration will be contacted.
