****REPOSTED****

Join our team. We have a great team working together to maintain and enhance the health and safety, and prevent injury and illness, for every employee, staff and volunteer in our organization.

The Team Assistant role is to support our customers and the Occupational Health, Infection Safety and Employee Wellbeing teams. The Team Assistant will primarily focus on the Health Reviews process for all new hires and volunteers including communication with the new hires and volunteers about health review requirements, scheduling appointments and conducting follow up with leaders. The Team Assistant will also be the main point of contact at the front desk and will assist customers with questions, connecting them to the appropriate team members, and finding information to support their occupational health, infection safety and employee wellbeing questions. The Team Assistant will also be performing other clerical functions (ie. supplies ordering) and there will be opportunities to be involved with special projects and process redesign. This role works in a busy environment with frequent disruptions.

This challenging opportunity is a good fit for a highly motivated self-directed and innovative administrative professional. The Team Assistant is accountable for providing great customer service and maintaining efficient processes. The Team Assistant ensures accurate data entry, appointment scheduling, and ordering and management of supplies. The Team Assistant needs to be creative, have good communication skills and a curiosity to learn.
