Salary Range: \$28.81 - \$29.12 /hour

The Geriatric Psychiatry Program has adopted the Psychosocial Rehabilitation and Recovery Model as its overarching philosophical framework. This philosophy is built on a set of principles and values that emphasize client and family involvement in decision making, client choice, the provision of a range of services to meet treatment, rehabilitation and support needs, it also includes a commitment from mental health services professionals to achieving the best possible outcomes for clients based on their stated preferences, wishes, desires and life plans.

The Geriatric Psychiatry Program serves patients with severe and persistent mental illness with responsive behaviours and co-morbid medical conditions. H2 (Behavioural Health Unit) provides consultation assessment and treatment for persons with moderate to advanced dementia with responsive behaviours. G2 (Geriatric Mental Health Unit) provides consultation, assessment and treatment for persons with severe and persistent mental illness.

It is understood that the hours of work reflect the current scheduling arrangements and are subject to change as determined by the Employer.
