position

Cardiovascular Investigation Unit (CVIU)

Posting Date: October 04, 2024

St. Joseph's Hospital - London, ON

Submission Deadline: October 10, 2024

Casual Part Time

Michelle Robertson, Human Resources

OPSEU Paramed

Salary Range: \$32.59 - \$37.26 /hour

The Cardiovascular Investigation Unit (CVIU) at St. Joseph's Hospital provides noninvasive diagnostic cardiac testing including echocardiography, holter monitoring, electrocardiograms (ECGs) and exercise stress testing. We are supported by a team of cardiac sonographers, cardiologists, nurses, registered technicians and technologists. Our tests are performed by registered professionals and interpreted by leading physicians.

The ECG Tech performs ECG testing, holter hook-ups and scanning, stress testing and other tests. Our ECG Techs record findings and maintain accurate and complete electronic patient record, which are communicated to other team members to ensure seamless patient care. As a member of our team, you will work closely with other team members to provide optimum and individualized care to our patients.

#### Essential Qualifications

- Successful completion of a community college diploma in Cardiovascular Technology
- Registered with OSCT or CSCT (Ontario Society of Cardiology Technologists/Canadian Society of Cardiology Technologists).
- Minimum of 2 years' experience working in Cardiovascular Investigation clinical setting
- Competent in performing ECG's, Exercise Stress Tests as well as Holter Monitor set up and scanning
- Knowledge of a Safety Culture in a Health Care Setting in compliance with the OHSA
- Evidence of ongoing professional development
- Impeccable organizational, interpersonal and communication skills
- Experience communicating effectively with internal and external customers
- Demonstrated expertise in providing excellent customer service
- Demonstrated ability to work independently
- Demonstrated ability in creative problem solving
- Demonstrated adaptability as well as strong organizational skills to meet the changing needs of the area
- Demonstrated personal and professional accountability and initiative to achieve and ensure high quality examinations
- A commitment to complete other educational requirements as deemed necessary to support the CVIU Program

#### Preferred Qualifications

- Proficiency in French would be an asset

#### Teaching and Research

- St Joseph's Health Care London through its affiliation with Western University and Fanshawe College is a leading research and teaching hospital. As an employee of St Joseph's, you will be expected to engage in role related teaching and research activities in addition to any of your clinical duties

#### Immunization Requirements

- Provide documentation you have received two doses of the Covid-19 vaccine (primary series, boosters and/or XBB) OR one dose of XBB vaccine at least 14 days prior to the start date.
- Provide vaccination records or proof of immunity against measles, mumps, rubella and varicella (chicken pox)
- Provide documentation of the Tuberculosis skin testing
