

Manager, Occupational Health and Safety - 1 position	Posting #: 53973
Occupational Health & Safety Services	Posting Date: October 21, 2024
St. Joseph's Hospital - London, ON	Submission Deadline: November 03, 2024
Full Time	Michelle Robertson, Human Resources
Non-Union	Salary Range: \$61.90 - \$72.82 /hour

Join our team! We have a great team working together to maintain and enhance health and safety, and prevent injury and illness, for every employee, staff and volunteer in our organization. The Occupational Health and Safety Team serves our staff, physicians and volunteers through a standardized, focused and steadfast approach to occupational health and safety across the organization. We act as advocates for a culture of health and safety. For our colleagues, we provide consultation and education to staff, unions and leaders to ensure the well-being, appropriate management and inclusion of disabilities and the promotion of a safe working environment. Our focus is staff, resident/patient, physician, volunteer and community safety through the reduction and prevention of injuries and a focus on abilities.

The Manager, Occupational Health and Safety provides leadership to the Occupational Health, Abilities Management and Safety Teams. The Manager plans, organizes and implements all functions and activities related to the achievement of the goals of the Occupational Health and Safety Services team and the organization's strategic objectives. The Manager provides expertise, innovation and leadership to develop, implement, monitor and evaluate occupational health and safety practices. Some of these practices include Health Reviews, the ability management program, the safety program, and development of policies and procedures that comply with relevant legislation and standards. The Manager oversees daily activities performed by members of the Occupational Health, Abilities Management and Safety Teams. The Manager is responsible for the administration of the financial and human resources leadership of the Occupational Health and Safety professionals including nurses, registered practical nurse, physiotherapists, occupational therapists, kinesiologists and safety consultants.

Essential Qualifications

- Bachelor's degree in health-related field or Human Resources
- Minimum three years' leadership experience in a health care setting, preferably a multi-site hospital
