Reporting to the Manager – Contract Management & Purchasing, this position is responsible for coordinating contract implementation, contract management, and supplier management for consumables, services, consulting, and capital purchases.

Establishing and maintaining effective relationships with our internal Sourcing team and external contracted sourcing provider is critical to success in this role. The associate is responsible for monitoring upcoming sourcing projects identified in published workplans. Assessment of the current and future contract commitments includes communicating impacts to internal stakeholders with respect to contract terms. Notable and unique considerations are to be identified and communicated by the Associate to affected stakeholders.

The Associate is responsible for the coordination of contract implementation across multiple HMMS departments. Contract commitments are scrutinized by the Associate to ensure all required documentation and details are received and communicated to the Contract Management team. Coordination of contract implementation includes establishing contract headers in our systems, ensuring the accuracy and completeness of contract details in the system and ensuring all supporting documents have been retained.

The performance of candidates within this role directly impacts the quality and performance of Hospital Contracts for the supply of all goods and services and our ability to attest compliance to the BPSAA.
