

Lead, After Hours, Central Clinical Support - 2 positions	Posting #: 54167
Central Clinical Support Management	Posting Date: December 02, 2024
Parkwood Institute Mental Health Care - London, ON	Submission Deadline: December 08, 2024
Regular Part Time	Wade Baillie, Human Resources
Non-Union	Salary Range: \$55.44 - \$65.18 /hour

Note: This position supports Parkwood Institute Mental Health Care in London and Southwest Centre for Forensic Mental Health Care in St. Thomas.

In this key role of Lead, After Hours, you are the administrative leadership on site after hours. You will provide front-line collaborative leadership and be responsible for ensuring the effective operation of the Parkwood Institute Mental Health Care and Southwest Centre for Forensic Mental Health Care facilities during the afternoon, night, weekend and holiday shifts. This hospital wide supervisory role ensures the safe, utilization of systems, protocols and resources in the delivery of inter-professional care to patients. Your role will oversee responsibility for resource allocation and utilization, patient access and flow planning, risk management, and the promotion of recovery and rehabilitation principles and initiatives.

In addition, your responsibilities include communicating as necessary with the Administrator On-Call and the Senior Leadership Team related to the escalation of bed management plans, and crisis management.

Responsibilities include:

- Assumes a leadership role and takes appropriate action in emergency situations that may arise in the Hospital; adhering to Hospital protocols and procedures as outlined in the emergency measures manual in these situations (i.e. emergency situations, code blue, code red, etc.) and follows up as appropriate.
- Provides administrative supervision and support to all staff, patients and families during your scheduled shifts
- Leads to resolve any issues or complaints that arise during the shift
- Maintain a strong line of communication with appropriate Program Managers/Directors/Physician Leaders for clinical and non-clinical issues; including the provision of shift-based documentation to ensure continuity
- Addresses patient/family concerns and facilitates resolutions as appropriate.
- Completes safety walkabouts on the patient care units in conjunction with staff and take action to address issues identified.
- Manages access to safe clinical equipment through regular safety checks and coordinate availability and documentation of clinical supplies and equipment.
- Monitors attendance of all staff, documents sick and absent calls and arrange for replacement staff.
- Ensure compliance with all legislated requirements, professional, and accreditation standards for care and safety of staff and patients.
- Leads or participates in projects, committees, working groups or councils pertaining to strategic and operational significance as required

Essential Qualifications

- Successful completion of a Bachelor degree in a health related field
- Holds general registration with a professional College under the Regulated Health Professionals Act
- 3 years related Leadership Experience
- Knowledge of standards of practice and applicable health care legislations
- Knowledge of a Safety Culture in a Health Care Setting in compliance with the OHSA
- Ability and commitment to act as a supervisor under OHSA
- Familiarity with collective agreements and applicable legislation pertaining to a hospital environment

- Experience in a mental health setting is preferred
- Expert problem-solving, dispute resolution and communication skills
- Demonstrated excellent leadership skills
- Excellent organizational, interpersonal and team building skills
- Availability to work days, weekends, evenings, nights and statutory holidays
- Ability to work without supervision and in a dynamic fashion in order to meet hospital needs
- Knowledge of community resources is an asset
- Strong computer skills as well as the ability and willingness to learn software programs relating to the role

Preferred Qualifications

- Proficiency in French would be an asset

Teaching and Research

- St. Joseph's Health Care London through its affiliation with Western University and Fanshawe College is a leading research and teaching hospital. As an employee of St. Joseph's you will be expected to engage in role related teaching and research activities in addition to any of your clinical duties.

Immunization Requirements

- Provide documentation you have received two doses of the Covid-19 vaccine (primary series/boosters, XBB or KP.2) OR one dose of KP.2 vaccine at least 14 days prior to the start date.
- Provide vaccination records or proof of immunity against measles, mumps, rubella and varicella (chicken pox)
- Provide documentation of the Tuberculosis skin testing

Your interest in this opportunity is appreciated.
