REPOSTED

Join Our Dedicated Facilities Engineering Team!

At St. Joseph's Health Care London, we are committed to creating and maintaining a safe, functional, and comfortable environment for our employees, patients, and visitors. Our Facilities Engineering team plays a crucial role in sustaining a healthy, high-performing environment that supports our mission of patient care, research, and education.
We are looking for a Millwright to join our dynamic Facilities Engineering team. As a key member of our department, you will help ensure that our facilities operate smoothly, safely, and efficiently. With your expertise, you will contribute to the delivery of high-quality patient care and support the wellbeing of everyone who enters our doors.

Why Join Us?
• Comprehensive Benefits: We offer a full benefits package to take care of your health and well-being.
• Work-Life Balance: Enjoy Monday to Friday shifts (8:00 AM - 4:00 PM), with flexibility based on operational needs and Manager approval.
• Tools and Equipment Provided: We provide all the necessary tools, PPE, and a safety shoe allowance.
• Commitment to Safety: We prioritize a safety-first culture in all aspects of our work.
• Professional Development: As a research and teaching hospital, we support continuous learning and growth.

About the Role
As a Millwright within our Facilities Engineering team, you will:
• Perform industrial millwright tasks, preventative maintenance, equipment inspections, and renovation work.
• Troubleshoot and repair various building equipment, including fans, compressors, pumps, motors, and medical devices such as patient beds and lifts.
• Maintain an organized inventory of parts, including sourcing and ordering supplies as needed with approval.
• Collaborate with other trades to address daily challenges and ensure the effective operation of building systems.
• Help maintain a safe, reliable, and comfortable environment for staff, patients and long-term care residents.

<u>Essential Qualifications</u>

- Certification: A current Certificate of Qualification as a Construction Millwright or Industrial Mechanic Millwright for the Province of Ontario
- Education: Secondary (High) School Diploma.
- Experience: Minimum three (3) years demonstrated related experience
- Knowledge of a Safety Culture in a Health Care Setting in compliance with the OHSA
- Skills: Excellent organizational, communication, customer focused, and interpersonal skills with the ability to work effectively both independently and as part of a team.
- A police record check completed within the last six (6) months from a Canadian Police Information Centre (CPIC), inclusive of vulnerable sector screening, will be required of the successful candidate

Preferred Qualifications

- Previous work experience in a healthcare environment.
- HVAC Certification (e.g., SMT, BES).
- Proficiency in French would be an asset

Teaching and Research

- St Joseph's Health Care London through its affiliation with Western University and Fanshawe College is a leading research and teaching hospital. As an employee of St Joseph's, you will be expected to engage in role related teaching and research activities in addition to any of your clinical duties

Immunization Requirements

- Provide vaccination records or proof of immunity against measles, mumps rubella, varicella (chicken pox), Hepatitis B, COVID-19 and influenza.
- Provide documentation of the Tuberculosis skin testing

Your interest in this opportunity is appreciated.
Human Resources and Leaders use your profile information to evaluate your application for the vacancies you apply to.
Only those under consideration will be contacted.
