

Psychometrist, Rehabilitation Allied Health - 1 position	Posting #: 54231
Rehabilitation Allied Health	Posting Date: January 06, 2025
Parkwood Institute Main - London, ON	Submission Deadline: January 12, 2025
Full Time	Michelle Robertson, Human Resources
OPSEU Paramed	Salary Range: \$44.67 - \$57.90 /hour

An exciting opportunity exists to work in a collaborative inter-professional environment supporting clinical neuro psychology services in one of the best academic health care organizations in Canada dedicated to helping people live to their fullest by minimizing the effects of injury, disease and disability through excellence in care, teaching and research.

This is an ideal opportunity for an individual who wants to work with high performing teams that are focused on rehabilitation and recovery: body, mind and spirit across populations of adults and seniors including Veterans care. Specialized services include traumatic brain and acquired brain injury, spinal cord, stroke, movement disorders, mental and behavioural health.

The candidate will work across various programs at Parkwood Institute, St. Joseph's Health Care London, supported by clinical psychologists and psychometrists to deliver timely access to care and treatment

The successful candidate will provide assessment and testing services for patients/clients under the supervision of the Psychologist. The Psychometrist will administer and score a wide range of psychological tests (diagnostic, personality, and cognitive), score the results, write reports, and provide feedback to clients on the results of assessments, as appropriate for unregulated practitioners and in consultation with the Psychologist. Participation in team activities, including meetings, conferences, and committees, is expected.

Essential Qualifications

- Bachelor of Arts or Bachelor of Science in Psychology, with basic and advanced training in psychometrics
- Knowledge of a Safety Culture in a Health Care Setting in compliance with the OHSA
- Demonstrated experience in administration and scoring of a variety of psychometric instruments and preparing assessment reports
- Demonstrated computer experience
- Excellent written and verbal communication, organization and problem-solving skills
- Demonstrated skill in establishing and maintaining rapport with patients
- Must be capable of establishing positive interpersonal relationships and able to work as an effective team member
- Demonstrated experience using a patient-centered approach
- Self directed and self motivated to accomplish specified outcomes
- Demonstrated commitment to evidence-based practice Evidence of continued professional growth and development
- Knowledge of Mental Health Act and associated legislation
- Capable of establishing and maintaining therapeutic relationships

Preferred Qualifications

- Proficiency in French would be an asset
- Experience working within rehabilitation and mental health service sector
- Experience with outcome measures, data base maintenance, and research
- Understanding of recovery and psycho social principles
- Report writing

- Research skills, including database management, data collection and analysis

Teaching and Research

- St. Joseph's Health Care London through its affiliation with Western University and Fanshawe College is a leading research and teaching hospital. As an employee of St. Joseph's, you will be expected to engage in role related teaching and research activities in addition to any of your clinical duties

Immunization Requirements

- Provide documentation you have received two doses of the Covid-19 vaccine (primary series/boosters, XBB or KP.2) OR one dose of KP.2 vaccine at least 14 days prior to the start date.
- Provide vaccination records or proof of immunity against measles, mumps, rubella and varicella (chicken pox)
- Provide documentation of the Tuberculosis skin testing

Your interest in this opportunity is appreciated.
