

Clinical Informatics Specialist, Information Technology Services - 2 positions	Posting #: 54412
Information Technology Services	Posting Date: February 05, 2025
St. Joseph's Hospital - London, ON	Submission Deadline: February 11, 2025
Full Time	Jennifer Pasichnyk, Human Resources
Non-Union	Salary Range: \$47.59 - \$56.00 /hour

The Clinical Informatics Specialist serves as the liaison between the hospital's clinical areas and the Clinical Informatics / Information Technology Services department. This includes the primary responsibility of determining the needs and requirements for clinical applications in acute and ambulatory healthcare settings. The Clinical Informatics Specialist will support and participate in the evaluation, selection, and implementation of automated clinical systems. This individual will work with staff and physicians to optimize adoption and standardization of clinical systems through education and training, workflow/process analysis, quality outcomes, and providing support in accordance with organizational goals.

#### Essential Qualifications

- Bachelor's degree in health discipline
- 5 years of direct clinical experience
- Knowledge of a safety culture in a Health care setting in compliance with Occupational Health and Safety Act (OHSA)
- Demonstrated understanding of technology and how it can be applied in a clinical environment
- Experience with established business application systems
- Excellent written and verbal communication skills with a commitment to strong customer service
- Computer proficiency in Office 365 and email systems
- Experience or training using clinical documentation systems
- Proficient organizational and time management skills with the ability to effectively problem solve

#### Preferred Qualifications

- CPHIMS-CA certification
- Project management
- Current registration with applicable professional college

#### Teaching and Research

- St. Joseph's Health Care London through its affiliation with Western University and Fanshawe College is a leading research and teaching hospital. As an employee of St. Joseph's, you will be expected to engage in role related teaching and research activities in addition to any of your clinical duties

#### Immunization Requirements

- Provide vaccination records or proof of immunity against measles, mumps rubella, varicella (chicken pox), Hepatitis B, COVID-19 and influenza.
- Provide documentation of the Tuberculosis skin testing
