| Temporary Casual Part Time                | Jennifer Pasichnyk, Human Resources   |
| Non-Union                                 | Salary Range: \$26.01 - \$32.51 /hour |

Temporary casual part time position until approximately, June 8, 2026, with potential for renewal, subject to the availability of work.

The Hand and Upper Limb Clinical Research Lab produces high quality research on measuring, predicting and reducing upper extremity disability with a focus on surgery and rehabilitation. The research program is based on a strong foundation of clinical measurement studies that define optimal methods of measuring upper extremity impairment, pain and disability.

The successful candidate will work under the direction of Dr. MacDermid and Dr. Grewal in the role of ?Research Assistant 1?. There is a broad range of responsibilities; this includes preparation and set up of ethics submissions; liaison with industry, patients, physicians and healthcare workers; management of documentation, database maintenance and participant recruitment. The primary responsibilities of this role will be to recruit and enroll patients visiting the Hand and Upper Limb Centre into the various studies being conducted.
