If you are a Registered Nurse who is a Certified Diabetes Educator, competent and passionate about your profession and is determined to make a difference, we have an exciting job opportunity for you.

We are looking for a patient-centered, energetic team player and who is an effective communicator. An ideal candidate will have a strong patient focus, experience in diabetes education and management, and exceptional communication skills. You will be seeing patients in a multi-disciplinary team environment, in-person and virtually. This role offers a unique opportunity to make a significant impact on the lives of patients living with diabetes by providing comprehensive education, support, and guidance. You will work closely to provide optimum and individualized care in both groups and one-on-one appointments to support individuals living with diabetes. You will have the opportunity to work with a large team of nurses, dietitians, pharmacist, physicians, administrative staff and others at a centre recognized as a regional leader in diabetes care, providing care to patients with type 1, type 2 and gestational diabetes.

St. Joseph's Centre for Diabetes, Endocrinology and Metabolism Centre is proudly recognized as the primary regional centre for diabetes and endocrine disease management in Southwestern Ontario. Our multidisciplinary team consists of highly qualified professionals committed to delivering exceptional patient care, innovative research, and quality education. While our researchers focus on innovation and discovery, our Endocrinologists and Educators work to support our patients' goals and health care needs, providing a continuum of services to ensure optimal health and quality of life.

Don't miss this exciting opportunity to join the St. Joseph's Health Care London team and make a difference in the lives of patients with diabetes!
