

Social Worker (MSW), Operational Stress Injury Clinic - 1 position	Posting #: 57071
Operational Stress Injury Clinic	Posting Date: September 15, 2026
Parkwood Institute Main - London, ON	Submission Deadline: September 21, 2026
Full Time	Stacy Kearns, Human Resources
OPSEU Paramed	Salary Range: \$44.67 - \$57.90 /hour

The Operational Stress Injury Clinic is part of a larger network of clinics across Canada and is designed to provide ambulatory services to veterans, members of the Canadian Forces, the RCMP and their families. An operational stress injury is any persistent psychological difficulty resulting from operational duties performed while serving and may include medical conditions such as anxiety disorders, depression, and post-traumatic stress disorder [PTSD]. The Operational Stress Injury Clinic is responsible for service provision across a geographic region including Southwestern Ontario, the Greater Toronto area and portions of Central Ontario. The successful candidate will work primarily in London; however some travel to other satellite locations may be required.

You will provide quality care and work within a comprehensive interdisciplinary team. Knowledge in the areas of assessment and treatment of mental, emotional and behavioural disorders and conditions for those who are referred to the clinic as a result of traumatic stress injuries is essential. A good understanding of military culture would be beneficial.

The role necessitates effective communication and collaboration with Veterans Affairs Canada, Department of National Defence, family physicians, other community partners as well as Operational Stress Injury Social Support [OSISS] partners.

Essential Qualifications

- Valid registration as a Registered Social Worker with the Ontario College of Social Workers and Social Service Workers
- Master's Degree in Social Work
- Demonstrated experience in adult psychiatry
- Knowledge of a Safety Culture in a Health Care Setting in compliance with the OHSA
- Expertise in the following treatment modalities; individual, marital, couple, family and group counseling and psychotherapy
- Relevant experience in traumatic stress counseling
- Demonstrated experience working in a goal oriented, evidence based, outcome-oriented practice
- Strong crisis intervention, advocacy, conflict management and facilitation skills
- Highly developed interpersonal and problem-solving skills as well as the ability to function effectively independently within an interdisciplinary team setting
- Excellent organizational, time management and communication
- Demonstrated skills in providing education to patients, families and the health care team
- Demonstrated strength in written/verbal communication and case management
- Knowledge of psychiatric diagnoses and treatments, psychotropic medications and symptom management
- Strong discharge planning skills
- Proficient computer skills with a variety of programs

Preferred Qualifications

- Proficiency in French would be an asset
- A demonstrated understanding of the effects of Military and RCMP work

- Clinical skills and knowledge in child development, children's mental health and family dynamics
- Comprehensive knowledge and ability to mobilize community health, social and welfare resources in the region, particularly those with relevance to the Veteran Community
- Supports research and innovation in practice, previous experience in research an asset
- Familiarity with outcome measurement related to clinical practice, ability to measure and evaluate practice change outcomes

Teaching and Research

- St. Joseph's Health Care London through its affiliation with Western University and Fanshawe College is a leading research and teaching hospital. As an employee of St. Joseph's, you will be expected to engage in role related teaching and research activities in addition to any of your clinical duties

Immunization Requirements

- Provide vaccination records or proof of immunity against measles, mumps rubella, varicella (chicken pox), Hepatitis B, COVID-19 and influenza.
- Provide documentation of the Tuberculosis skin testing

Your interest in this opportunity is appreciated.
