Salary Range: \$37.84 - \$43.57 /hour

The Veterans Care Program assists veterans whose daily functioning is affected by physical, emotional or cognitive health problems which prevent them from continuing to live in the community. We provide care that promotes health and well-being and meets the social and spiritual needs of veterans who need assistance with activities of daily living.

As a valued member of the interdisciplinary team, the successful candidate will interact with other health professionals to provide therapeutic recreation assessment, intervention and program planning on an individual and group basis in a resident-focused environment. The successful candidate will work with geriatric residents and patients to provide care that will assist and support them, meeting their evident and anticipated needs, to promote health and to enhance well-being and quality of life. The successful candidate will also work with volunteers, external agencies and interdisciplinary staff on community outings, large group activities and re-integration programs. This role requires excellent organizational skills and the ability to work independently as well as collaboratively. This position does require some evening and weekend shifts.
